

## WORKSHOP ON KEY ASPECTS OF ANIMATION

Mr.Jegannath, Animator from Earth Observatory of Singapore, conducted a workshop for students of I B.Voc, I M.Voc 3D Animation from 12-14 February 2019. The trainer who is a recipient of “Bronze Award” at the Hong Kong International Mobile Film Awards for his film “The Hunt”, was a valuable resource for the students.

The specialist provided an understanding on how hand drawings are important in developing a 2D animation. He also elaborated the pipeline of animation works. Students were able to get the picture of how they could present their portfolio in future to meet the requirements of the industry.
