

All about supply chain operations

A guest lecture on "Supply Chain Operations Reference Model (SCOR)" was organized on 1st November 2016. Dr. Brijesh Ainapur, CEO and Director - Operations, AMTEK, introduced the subject and explained SCOR in detail.

A performance driven professional with over 23 years of expertise in large scale Ferrous Foundries including grey iron, ductile iron and steel in senior management positions, Dr. Brijesh Ainapur holds Doctor of Philosophy, Ph.D in the field of Supply Chain Management and Theory of Constraints from BIT - Birla Institute of Technology - Ranchi (2013). He is presently the CEO and Director - Operations in AMTEK, Auto Ancillary Manufacturing Company with head quarters in India and overseas plants in Germany, Japan, Thailand, China and UK.

Plunging into the subject, Dr. Brijesh Ainapur explained the problems and challenges in supply chain operations and regaled the students with delightful anecdotes.

Dr. Brijesh Ainapur talks about the challenges in supply chain operations.
