

MoodarKoodam

Mr. Naveen, who made his directorial debut with the critically acclaimed '*MoodarKoodam*' in 2013, shared his experiences with the students of Film Making, Film Editing and Cinematography on 27th October 2017. He gave an overview about the movie '*MoodarKoodam*'.

He shared about the story concept, artist roles, screenplay, location selection and shooting experience. Everyone searches wealth for their life and doesn't bother about their health and happiness. People will understand the life once they know the meaning of being happy.

He went on to say that a few shots in the movie were already written and adopted. Further he added that a few shots were made purposely with logic and a few shots were made for script's sake without any logic in the movie.

He said that he was able to manage various responsibilities in this movie, because he loves cinema much and had team support. They helped him to do better in all the ways and made this film successful. He advised the students to read many books and watch a lot of movies in all languages.
