

## LIVE at Gemini studio

Mr. Radha Krishnan, technical head of GEMINI, conducts the session

The students of Cinematography and Film Editing were taken to Gemini Industries and Imaging Limited, Chennai. They were taken around the lab by Technical staff of GEMINI.

Students were given first hand technical knowhow of the “Quantel” system and workflow of Digital Intermediate (DI), one of the important post-processes in film production.

Mr. Radha Krishnan shared important information on the Fundamentals of ‘Digital Cinema’ with students in this session.
