I'm highly impressed with the professionalism and passion of the faculty members. When they share their industrial experience, it motivates me more than ever before. It gave me an impression on how logistics process is organized in real life. LIVE is the best place for learning logistics and SCM. They provide in-depth coaching and workshop experience which helped me to specialize my future working life.

Experience with travel and tourism course has been breath-taking and enriching. The environment not only helped me in imbibing knowledge but also in developing my overall personality, fuelling confidence in me. The department has achieved excellence in imparting high quality education with prime focus on holistic learning and inculcating competitive abilities in students which helped me immensely. Thank you for making this journey so pleasant.

The best thing about being a student here is the freedom of expression provided to us. The course is very well structured with opportunities to work on exciting projects. The faculty has been extremely supportive of our work and has helped us realizing and rectifying mistakes. It is totally worth to invest our time in Loyola.

The post graduate diploma in Human Resource Management has helped me in reviewing myself. The course paved way to inculcate many skills and experience that are transferable to companies. Faculty members show interest in finding out what we learn and how we implement it through challenging case studies and scenarios instead of delivering monotonous lectures. LIVE has made it possible for full-time students like me, who isn't in a professional position to get experienced and reinforcing the skills that I gained. Moreover it has created a great platform for my professional growth.

A year felt like a month with this intense, well-packaged course. The course took us through the entire film making process with a great emphasis on screening. All tutors were experienced and incredibly resourceful. They used simple yet effective teaching methods to cover the well thought out curriculum. The frequently held guest lectures gave us the opportunity to interact and ask questions directly to industry professionals. The faculty at LIVE are passionate about what they do and passion is truly contagious.
