MOMENTO SHARING

The Art of Teaching is the Art of Assisting Discovery

– Mark Van Doren

Teachers are one of our truest blessings. They know the art of bringing the best out of every student. From teaching us moral values of life to imparting worldly knowledge, teachers take part in every walk of our lives. They act as our mentor, guide, good friend, helper, creator of a great life for a student and many more. There is always a teacher with whom we have a good relationship which takes us to some great memories. Let us reminisce about the beautiful memories of all our teachers on this day.
